Cols Column

There is no column this week due to the length of the contest results. I would like to thank Jim VK2BQS for another great effort in checking and collating all the logs that have come in. Sadly as you will see Jim has missed out on an award himself. Never mind Jim, there's always next year.

A.N.A.R.T.S. World Wide Rtty Contest Results

The winners in each section have already been published in an earlier broadcast. this list contains the full placings in the World in each section. The first column shows the WW placing in each section. The end column shows the placing in the contestants own country or State.

A more detailed list will appear in messages sent on the Packet system World Wide and will contain the following extra info :
